## HARVEST OF THE MONTH: BLUEBERRIES

Blueberries are a good source of vitamin C and fiber. Blueberries and other berries like raspberries, strawberries, and blackberries are rich in phytochemicals, which come from plants and may help you stay healthy.

Berries are a great snack on their own! You can also add them to cereal, pancakes, yogurt, smoothies, and salads.

### Produce Tips

- Choose fresh blueberries that are plump and have a solid, dark blue color.
- Choose fresh raspberries that are bright and evenly colored.
- Select fresh blackberries that are dry and shiny, without any green or red colors.
- Shop for fresh berries in season to get the best value.
- Frozen berries are also convenient and just as nutritious and delicious as fresh berries!
