### FARM TO SCHOOL: LOCAL PERSIAN CUCUMBERS

Despite their name, Persian cucumbers are believed to have started in **India.** 

Sometimes they are called "mini" cucumbers due to their small size - about 4 to 6 inches in length.

Persian cucumbers have lots of **fiber,** which is good for digestion and helps with cholesterol and blood sugar.

They also have lots of **vitamin C** to help your immune system and **vitamin K** for your bones!

Persian cucumbers are known for their **mild sweet flavor** – much less watery than American cucumbers!

Our Persian cucumbers are from Aziz Farms in Thermal, CA!

Buying local, seasonal produce means enjoying foods at its peak flavor, supporting local farmers, and making a positive impact on the environment.
