CAPO CRUNCH

## FARM TO SCHOOL: LOCAL PERSIAN CUCUMBERS

Despite their name, Persian cucumbers are believed to have started in India.

Sometimes they are called "mini" cucumbers due to their small size - about 4 to 6 inches in length.

Persian cucumbers have lots of fiber, which is good for digestion and helps with cholesterol and blood sugar.

They also have lots of **vitamin C** to help your immune system and vitamin K for your bones!

Persian cucumbers are known for their mild sweet flavor - much less watery than American cucumbers!

Our Persian cucumbers are from **Aziz Farms in Thermal, CA!** 

Buying local, seasonal produce means enjoying foods at its peak flavor, supporting local farmers, and making a positive impact on the environment.
