FARM 2 SCHOOL: GRASS FED REGENERATIVE BEEF HOT DOG

Introducing a special beef hot dog on the menu 12/21 that is:

- Pasture Raised in California
- Certified Regenerative
- Made with Bone Broth & Organic Seasonings
- Humanely Raised & Harvested

Our hot dog is from Cream Co Meats, an Oakland butchery that distributes meat from over 20 sustainable, regenerative and family-owned farms, including Richards Ranch.

Regenerative agriculture recognizes how soil, water, crops, people, and animals are elements of one interconnected system. Regenerative agriculture works with nature to manage land used for raising animals or growing plants. This allows the land to get better with time.
